

What will you do with your tax rebate?

Pay bills

Spend it

Save it

Give it

Whatever you decide, you can't go wrong.

Thanks to recently passed legislation, next month millions of Americans will begin receiving tax rebate checks. Rebates could range from \$300 to \$1,200 or more, depending on an individual's specific situation.

Some who are experiencing financial difficulties will welcome the tax rebate checks and use the funds to pay bills or save them for a rainy day.

For others, the rebate check may come as an unexpected windfall. While some may decide to spend this money on one thing or another, **those who are charitably-minded may want to make a difference by giving surplus funds to favorite charitable causes.**

If you receive a tax rebate check, carefully consider your personal needs first. Then, if you are in a position to do so, we hope you will consider making a charitable gift.
